RAMADAN

& QURBANI

RAMADAN

For Muslims, the month of Ramadan is not just the month of fasting, but also the month of inspiration and worship.

We work with people and communities to ensure that poor families have enough food for the month of Ramadan. Across the country, we distribute family food packs with essentials such as dates, oil, rice, pulses and wheat to last the whole month, meaning families can focus on the spiritual duties of the month instead of worrying about where the next meal will come from.

Ramadan family food packs provided to
OVER 1,227,112 PEOPLE

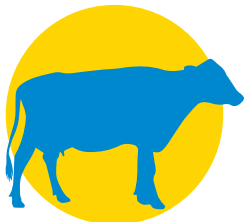

QURBANI

SHARING THE GIFT OF SACRIFICE

Every year Islamic Relief distributes fresh meat on the days of Eid. Our aim is to reach the most disadvantaged people, including orphaned children, older people and widowed women - many of whom only get to eat meat once a year.

We use state of the art technology for slaughtering and processing of the carcasses.

Our Qurbani meat brings a smile to the faces of many children during Eid.
